

ENTRUST

Entrust is Fully Integrated With Jack Henry™

Enhance your instant issuance program with Entrust Instant Financial Issuance, a Jack Henry VIP (Vendor Integration Program) member.

Overview

Entrust is enabling the leading financial brands to deliver best-in-class experiences. More than 1 billion payment cards are issued through Entrust's platform every year, and we are supporting more than 45,000 locations and 5,000 financial solutions customers.

Entrust is proud to be a Jack Henry Vendor Integration Program member, fully integrating with many of their interfaces through our Instant Financial Issuance technology. Entrust will continue to collaborate with Jack Henry for our mutual success.

List of Jack Henry interfaces:

- jXchange SilverLake & Core Director
- Symitar SymXchange (SymConnect)
- Core Director jXchange
- CPS (Card Processing Solutions)

Our Instant Financial Issuance solutions provide banks, credit unions, retailers, and other financial card issuers with powerful new ways to drive revenue and engage consumers. Imagine the power of a consumer walking into one of your locations and - within minutes - walking out with a personalized, permanent payment card with instant purchasing power.

Entrust Difference

Instant Financial Issuance Hardware

Our best-in-class hardware will transform pre-printed or blank card stock to give your customers the freedom to pay anytime, anywhere, any way.

Instant Financial Issuance Software

Our instant issuance software offers compatibility with most card management and card authorization systems, making implementation fast.

Intelligent Supplies

We offer a full range of standard and customized supplies designed to optimize productivity and minimize per-card costs.

Professional Services

Our service experts can help you with everything from initial assessments and solution design to deployment and ongoing optimization.
